# Enterprise Mobility in India

Status, Trends, Outlook and Projections

The report is a snapshot of where the large enterprise mobility market is and a projection of where it is headed. The report is based on interviews with decision makers in 230 large enterprises, as part of our Enterprise Telequest research project.

The deliverables include:

- (i) A PDF presentation of key findings and future outlook
- (ii) Data tables in excel format
- (iii) Up to 10 hours of analyst time to resolve report-specific queries

# Table of Contents
