Banking Technology in India

Current Status and Emerging Trends

ABOUT US

India Infrastructure Research is a division of India Infrastructure Publishing Private Limited, a company dedicated to providing information on the infrastructure sectors through magazines, conferences, newsletters and research reports. It publishes five magazines – Indian Infrastructure, Renewable Watch, Power Line, tele.net and Gujarat Infrastructure.

India Infrastructure Research also publishes research reports in the areas of power, oil & gas, ports & shipping, roads & bridges, telecommunications, aviation, water and banking. Some of the reports in the banking sector include banking infrastructure in India and banking technology in India.

We also organise a number of conferences in the banking sector such as Cybersecurity in BFSI, Role of Analytics in Banking, Financial Services and Insurance Sector, Going Branchless – Challenges and Opportunities, Mobile Wallets and Transaction Solutions, etc.

Our reports are acknowledged as high-quality, user-friendly, up-to-date, accurate and comprehensive sources of information. Our clients include most organisations involved in the infrastructure sectors – multinationals, top Indian corporates, commercial and investment banks, consulting companies, public sector companies, government agencies, multilateral agencies and legal firms.

ABOUT THE AUTHOR
