

# POWER TRANSMISSION IN INDIA 2026

Table of Contents

Release Date: June 24, 2026 | No. of pages: 244

- 1. Segment Size and Growth**
    - Growth in Transmission Line Length
    - Growth in AC Transformer Capacity
    - Growth in Transformer Capacity - HVDC
    - Trends in Substation Additions
    - Growth in Interregional Transfer Capacity
    - Growth in HVDC Power Transfers
    - Region-wise Interregional Transfer Capacity
    - Total Transfer Capability
    - Cross-border Power Transfer Capacity
    - System Availability and Reliability
  - 2. Key Policy and Regulatory Developments**
    - CEA's standard implementation timelines for ISTS projects
    - Transmission Plan for integration of 900 GW non-fossil fuel capacity by 2035-36
    - Draft amendment-II to the Manual on Transmission Planning Criteria, 2023
    - MoP's revision of minimum local content norms for HVDC substations
    - CEA report on use of green GIS technology in Indian Grid
    - Draft CERC (DSM and Related Matters) (Third Amendment) Regulations, 2026
    - CEA's report on insulator failures in transmission lines
    - Draft procedure for assessing utilisation of connectivity/GNA by grantees
    - Draft Connectivity and GNA to the ISTS (4th Amendment) Regulations, 2026
    - CEA's advisory on use of Ester oil in electrical equipment
    - Issuance of Insurance Surety Bonds
    - Draft mechanism for treatment of connectivity linked to LoAs without PPAs
    - Staff paper on capacity market for electricity in India
    - Draft procedure for levy of compensation charges for GNA milestone delays
    - Discussion paper proposing shorter scheduling timeline for RTM
    - Draft CERC (Power Market) (Second Amendment) Regulations, 2026
    - CEA (Technical Standards for Construction of Electrical Plants and Electric Lines) Amendment Regulations, 2026
  - Draft revised detailed procedure for TRAS
    - Draft revised detailed procedure for SRAS
    - Others
  - 3. Recent Developments**
    - Key Commissioned Projects in last 12 months
    - Recently Awarded TBCB Projects
    - M&A Transactions
    - InvTIs-related developments
    - Recent Financings
  - 4. TBCB Update**
    - Current Status
    - Private Participation Trends
    - ISTS TBCB Projects – Commissioned and Under Construction
    - Trends in Tariffs Discovered
    - Intra-state TBCB Projects
    - Projects identified for Bidding
    - Future Project Pipeline
  - 5. Transmission System Development for evacuation of Renewable Energy**
    - Overview
    - Transmission Plan for the integration of over 900 GW of non-fossil fuel capacity by 2035-36
    - State-wise Transmission System planned
    - Brahmaputra Basin Transmission Evacuation Plan
    - Roadmap to 100 GW of Hydro Pumped Storage Projects
    - Progress under Green Energy Corridors I and II
    - Green Energy Corridors III Scheme Targets
    - Transmission systems for additional hydro power projects by 2030
    - Transmission System for Green Hydrogen & Green Ammonia projects
    - New Technology Options for RE Integration
    - Off-shore Wind Power Transmission
    - HVDC and Inter-regional corridors
    - REMCs
    - BESS projects
    - Outlook
  - 6. Project Pipeline and Investment Outlook**
    - Project Pipeline (under construction, under bidding, announced projects etc.)
    - Projected Line Length
    - Projected Transformer Capacity
    - Projected Substation Additions
    - Projected Investments
    - Transmission Projects for RE Evacuation of 900GW by 2035-36
  - 7. STU Network & Operational performance in last 5 years**
    - Growth in Intrastate line length
    - Growth in Intrastate transformer capacity
    - Growth in Number of Substations
    - Transmission Loss Performance
    - System Availability Performance
  - 8. STU Financial Performance in Last 5 years**
    - Revenues
    - Expenditure
    - O&M Costs
    - Net Profit/Loss
    - Capex
    - Transmission Charges and Tariffs
    - Return on Equity
  - 9. Future Outlook and Capex Plans**
    - Network Addition Plans – ISTS and InSTS
    - Projected inter-regional Transfer Capacity
    - Investment Projections
    - Projected Capex by Powergrid and STUs
    - Planned Cross-border Regional Interconnections
    - OSOWOG Initiative
    - Outlook for Private Participation
- Dataset (Excel)**
- List of Transmission Projects including Under-Construction, Awarded, Planned, Under-Bidding, and ISTS TBCB commissioned projects

**Subscription fee (one year): Rs 90,000 plus GST**
